

IA/PSD Case System : Summary (Public)

Complainant filed a formal complaint via email 12-17-22 that she had called the police to report a stolen vehicle on the same date and that the officer she spoke with took the sides of other parties involved. She called a supervisor, whom she reports was rude to her and that she was threatened with towing. Officer Pfeifer explained he was not going to file a stolen vehicle report due to the nature of the situation of her lending her vehicle to family members who did not return the vehicle in a timely manner. Those with whom she spoke with, Pfeifer and supervisor, stated she used profanity and was rude during phone calls, hanging up on Officer Pfeifer. When the assigned Sgt. conducted his investigation of this complaint, he attempted to call the complainant twice and she did not answer or return his calls. He was unable to leave a voicemail due to it not being set up. Therefore, due to insufficient information to substantiate a valid complaint and no response from the complainant, the case was unfounded. [03/07/2023 15:02, [REDACTED] PPD]
