Records

Officer Brennan Proctor,

On October 6th, 2022, you were responding to a traffic accident at 1000 W US Hwy 50 Frontage Rd. Dispatch advised an intoxicated female driver was yelling at the reporting party and threw a weight at him.

You drove to scene. When you arrived, you located the female suspect, who saw you and began to run from the scene. You and Officer [REDACTED] were successful in catching the suspect in the parking lot of a nearby hotel. Officer [REDACTED] caught the suspect, which led to the two of you struggling to get the suspect in custody. During the arrest, the suspect sustained minor injuries because of the use of force.

After the arrest, you realized you failed to activate your body worn camera. You immediately activated it and took responsibility for your actions. However, the fact remains that you engaged in an arrest involving force without activating your BWC.

This is your first violation of the department policy covering the use and activation of Body worn cameras (Policy 425).

PPD Policy 425 "Portable Audio/Video Recorders" states officers may be disciplined for failing to activate a BWC during all enforcement and investigative contacts, including stops and field interview situations.

The preponderance of the evidence supports your violation of Pueblo Police Department Policy **PPD Policy 425 "Portable Audio/Video Recorders"**. Continued performance of this nature will result in more severe disciplinary action up to and including termination.
