Request (Request Number: CORA-2024-363)

Dear Pueblo City Clerk,

This is my third follow-up regarding my CORA request submitted on 11/4/2024, referenced as Request Number: CORA-2024-363 with security key 4E258A5C. As of today, 11/12/2024, I have received no substantial response, despite the legal obligation under the Colorado Open Records Act (CORA) to provide an update within three (3) business days, extendable to seven (7) only under extenuating circumstances.

The only communication I have received was from a representative in the Pueblo Police Records department, who informed me that part of my CORA request — specifically, records related to officer internal affairs and discipline — would be classified as criminal justice records. She indicated that the police department would incorporate these records into my existing CCJRA request. However, I have not received any further updates or action on this CORA request itself from the City clerks office.

This lack of response and transparency is a clear violation of CORA's requirements. If I do not receive an immediate and substantive update by the end of today, I will file a formal complaint with the Colorado Secretary of State's office. Additionally, I will be retaining legal counsel to initiate proceedings in district court tomorrow to compel compliance with my request.

Please confirm receipt of this email and provide an urgent status update. Continued disregard for this request leaves me with no choice but to pursue these actions.

Sincerely,  
Harry Cooper
